COORDINATING COMMITTEE

MEMORANDUM BY THE GERMAN DELEGATION  
ON THE EXPORT TO HUNGARY OF LITHIUMFLUORIDE

The German authorities have received an application to license a shipment to Hungary of

10 gram lithiumfluoride,  
covered by item 35 of the IABL,  
valued at 1.- Dollar

According to the information of the government institution "MEDIMPEX" at Budapest the lithiumfluoride will be used for medical laboratory purposes.

This case is submitted as an ad-hoc-request. The German authorities trust that in view of the small quantity and value involved, the civilian end-use, and the nature of the material no objection will be raised against this shipment. The German delegation would appreciate to hear the views of governments at an early date.
